As Vital as Your Heartbeat

As believers, right thinking is something that is so important we simply can't live without it. Just like our heartbeat, it's vital because many of the problems we deal with in our lives are rooted in wrong thinking patterns, which are not based on the truth.

Right thinking is a result of regular, personal fellowship with God through prayer and the Word. It is important for us to come to grips with the fact that our lives will not get straightened out until our thinking gets straightened out. Thoughts bear fruit. When you and I think good thoughts, our lives produce good fruit. When we think bad thoughts, our lives produce bad fruit.

The longer I serve God and study His Word, the more I realize how important it is for me to be aware of what's going on in my mind. Where the mind goes, the man follows. Continually watching over our thoughts is the only way we will ever be able to keep them in line with God's Word and win our battle against the enemy.

Prayer Starter: Holy Spirit, You have shown me that right thinking is absolutely vital. I will seek You regularly so that I can think the right thoughts.
